Subject: Testimonial for Aditya Chandiramani

It has been a genuine pleasure to have Aditya join our team as part of the East Coast Internship Programme at the People's Association. Throughout the internship period, Aditya consistently demonstrated an exceptional aptitude in his design skills, producing work that was both precise and creatively insightful. His technical skills brought a fresh perspective to our project, allowing us to visualise concepts and event layouts with great clarity and detail.

2 In addition to his outstanding technical abilities, Aditya excelled in event organisation, showing remarkable competence in managing multiple stakeholders, and ensuring seamless operations. He exhibited a natural flair for leadership and attention to detail, which was evident in the success of the community event that engaged and inspired our residents in the community. His ability to anticipate challenges and devise proactive solutions played a critical role in elevating the overall experience for all participants.

3 What truly sets Aditya apart is his resourcefulness and initiative. Rather than waiting for direction, he actively sought out opportunities to contribute, often identifying areas for improvement and implementing effective changes. His eagerness to learn and adapt made him an indispensable asset, seamlessly integrating into our work culture and consistently exceeding expectations.

4 Aditya has been an integral part of our team, leaving a lasting impact through both his skills and attitude. He embodies the qualities we value in emerging leaders – dedication, creativity and a strong sense of responsibility. I have no doubt that Aditya will continue to thrive and make meaningful contributions wherever he goes, and I wholeheartedly recommend him for any future endeavours.
